EDUCATION

University of California, Santa Barbara

Bachelor of Science in Computer Science

Expected Graduation: June 2027

Santa Barbara, California

Academics: 3.51/4.00 GPA, Engineering Honors, Regents Scholar

Coursework: Object-Oriented Design, Problem Solving I & II, Data Structures, Computer Systems, Linear Algebra, Probability & Statistics

WORK EXPERIENCE

Software Engineer Intern (Full-Time) | VBO Tickets

June 2025 – September 2025

- Built a WebGL seat-map system using PixiJS, achieving smooth rendering of 100,000+ seats for large venues.
- Implemented a dynamic seat-sorting sidebar using JavaScript, C#, HTML, and CSS, allowing users to filter seats by price, value, or availability.
- Integrated new components with the platform's back-end to deliver real-time updates and seamless customer interaction.
- Collaborated with front-end and back-end teams as part of a platform-wide UI/UX overhaul.

PROJECTS

Into the Depths | GDScript, Godot

Dec 2023 – Dec 2024

- Solo-developed a 2D roguelike deckbuilder with a persistent deck system for long-term strategy.
- Built turn-based combat, procedural encounters, UI; released on Itch.io (100+ plays in 2 weeks).

Volley! | C#, Unity Game Engine

April 2025

- Solo-developed a 2D volleyball game over a weekend as an exercise in rapid prototyping and physics-based gameplay.
- Implemented player movement, ball physics, scoring, and AI opponent logic using Unity's physics engine.
- Designed a simple yet challenging gameplay loop focused on timing, positioning, and precision.
- Released publicly on Itch.io as part of Spiritbound Studios' microgame series.

Portfolio Website & D&D Wiki | HTML, CSS, JS, Jekyll, GitHub Pages

Aug 2025 – Oct 2025

- Built a responsive personal site with Jekyll collections/Liquid for modular project pages and galleries.
- Developed a companion D&D wiki with custom templates, interactive tables, and JS-based search/sorting.

EXTRACURRICULARS

UCSB Game Development Club Officer/President

November 2023 – Present

- Lead club operations, officer coordination, and long-term strategy for club growth.
- Introduced structural reforms for event planning, mentorship, and project tracking.
- Organized club-wide events including game jams, play testing nights, and quarterly showcases.
- Supported member onboarding and project support in both design and development.
- Oversaw membership expansion by over 50% through enhancing member experience in earlier events.

Gaucha Gaming Community Engagement Officer

September 2024 – Present

- Coordinated community events including TEKKEN 8 tournaments, a Minecraft server/tournament, and a Pride Week D&D one-shot.
- Launched initiatives to expand community reach through diverse game offerings.
- Collaborated with officers on outreach and flagship event planning.

TECHNICAL SKILLS

Languages: C#, JavaScript, Python, C++, GDScript

Web Technologies: HTML, CSS, Jekyll, PixiJS, GitHub Pages

Game Engines: Unity, Godot, Twine

Developer Tools: Git, VS Code, Cursor, IntelliJ, Ink
